## Onboarding Checklist: Video Chat

When getting started with Updox Telehealth, make sure to follow this checklist to ensure your practice will be set-up for long-term success:

1. Add users to your Updox account with [this guide](#).
  2. Review this quick [Video Chat Tutorial video](#) with your team.
  3. Share the [Video Chat User Guide](#) with your team to review the easy steps to using telehealth.
  4. [Setup templates](#) for efficient use of common communications needed for patients.
