

# How to Install and Use Print to Fax

Last Modified on 02/26/2025 6:07 pm EST

The video below will take you through an in-depth tutorial for installing and using Updox Print to Fax to its highest potential!

Note: Updox printers are currently incompatible with ARM-based processors on Windows devices. Our printers will not install on these devices.

For additional information and assistance please head to our [Installations](#) tab.
