[My Location](#) | [My Notifications](#) | [My Upcoming Appointments](#)

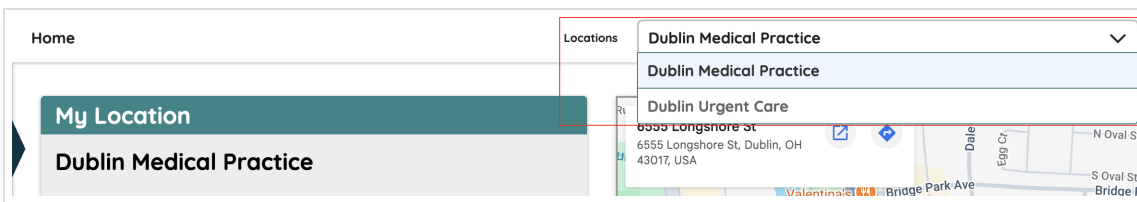

The **Home** tab is selected when you log in to your Patient Portal.

My Location

The **My Location** section provides information about the practice currently selected in the **Locations** field in the upper right corner of the Patient Portal.

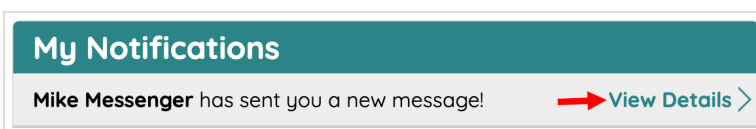

If you see healthcare providers at another location associated with this practice, you can display information about that location by selecting the **Locations** drop-down and then selecting the facility name.

My Notifications

When a new message or health record is sent to your Patient Portal, the sender's name is listed in the **My Notifications** section.

To view the message details, select **View Details**. The message opens in the **Messages** tab.

My Upcoming Appointments

Reminders of your upcoming appointments appear in the **My Upcoming Appointments** section.

To view the appointment details, select **View Details**. The **Appointments** tab opens, where you can view all your upcoming and past appointments.
